

Bridgestones Policy on fees

Unless otherwise fixed, an Office Holder's fees are charged by reference to time costs, as incurred, charged at the firm's usual rates applicable at the time the work is carried out. Rates may be varied from time to time, at the sole discretion of the partners, and such changes will be notified in retrospect with each report to Creditors. It is the policy of Bridgestones to use as junior grade of staff as compatible with the efficient conduct of the matter in order to ensure costs are kept to a minimum.
